Model Answer

I- Reading comprehension (14 marks)

- Read the following passage carefully and answer the questions:

(A) Answer the following questions: (6 marks)

1- What was the idea of inventing T.V?

The idea of inventing the television came first to the Scottish inventor Logie Bird (1888-1946). The idea was based on converting an image into lines of dots of light. It was to break up the image into a series of dots which are then transmitted and seen as complete picture.

2- Who are not in favor of T.V? Why?

Unfortunately, Social Reformers are not in favor of T.V; they say that it is television that has spread crime and spoiled children's good manners.

3- What are the advantages of T.V?

There are many advantages of T.V. Television has played an important part in bringing the different parts in the world closer together. We can follow the world current events live and on the spot before reading about them in the daily newspapers. Television has proved useful in bringing comfort to people after a tiring day. T.V was also expected to make extraordinary help in education and culture.
